Optical Coherence Tomography-Based Grading of Diabetic Macular Edema: The Way Forward to Achieve Therapeutic Goals

Tuesday 8th June, 19:00 - 20:00 BST (20:00 - 21:00 CEST)

The European School for Advanced Studies in Ophthalmology group (ESASO) has proposed a novel grading system of diabetic macular edema. The classification is aimed at providing a simple, direct, objective tool to classify diabetic maculopathy that can be used for therapeutic and prognostic purposes, as well as for correct evaluation and reproducibility of clinical investigations.

**CHAIR & SPEAKER**
Professor Anat Loewenstein
Head of the Department of Ophthalmology, Tel Aviv Sourasky Medical Centre, Professor of Ophthalmology and Vice Dean, Tel Aviv University, Israel

**Welcome and Introductions**

**SPEAKER**
Professor Giacomo Panozzo
Consultant Ophthalmologist, Istituto Clinico Sant’ Anna, Via del Franzone, Brescia, Italy

A New Morphologic Classification Of Diabetic Macular Edema

**SPEAKER**
Dr. Bernardete Pessoa,
Head of Diabetes Ocular Department, Centro Hospitalar Universitario do Porto, Porto, Portugal

Diabetic Macular Edema - Applicability of OCT-based Grading of Diabetic Maculopathy To Evaluate Therapeutic Efficacy
