

ESASO GLAUCOMA forum

In loving memory of prof. Gandolfi

Spazi Ipogei, Paganini Congressi - Parma (Italy)
14-15 February 2025

Scientific Coordinators: Ike Ahmed, Antonio Fea, Carlo E. Traverso

Co-ordinators: Carlo Bellucci, Giacinto Triolo

LEVEL : INTERMEDIATE - ADVANCED

Faculty

Luis Abegao Pinto, Ike Ahmed, Alberto Chiarugi, Anselm Juenemann, Antonio Fea, Teresio Avitabile, Henny Bekers, Carlo Bellucci, Philip Bloom, Carlo E. Traverso, Dan Lindfield, Elena Millà, Michele Figus, Julian Garcia Feijoo, Giuseppe Guarnaccia, Gokulas Ratnarajan, Michele Iester, Joe Panarelli, Karsten Klabe, Karl Mercieca, Michele Lanza, Lim Sheng, Dan Lindfield, Jose Maria Martinez De La Casa, Matteo Sacchi, Paolo Mora, Paolo Martelli, Francesco Oddone, Verena Prokisch, Luca Rossetti, Matteo Sacchi, Giacinto Triolo, Nicola Ungaro.

DAY 1 – 14 February 2025

8:45 - 09:00 Introduction and Welcome

Introduction: Carlo E. Traverso

- 09:00 - 09:15 Seeing is doing: my preferred gonioscopes and tips
- 09:15 - 09:30 Why going trabecular: pros, cons and surgical options
- 09:30 - 09:40 Trabecular micro stent
- 09:40 - 09:55 Trabecular stimulation
- 09:55 - 10:02 Laser Trabeculoplasty Experience
- 10:02 - 10:17 Trabecular scaffold
- 10:17 - 10:24 Trabecular scaffold implantation pearls
- 10:24 - 10:34 Excimer laser trabeculotomy
- 10:34 - 10:45 Discussion
- 10:45 - 11:15 Coffee Break**

Introduction: Antonio Fea

11:15 - 11:25	Ab interno canaloplasty and goniotomy
11:25 - 11:35	Ab interno canaloplasty with illuminated tip
11:35 - 11:45	Low cost options: needle trabeculotomy + GATT
11:45 - 11:51	Endoscopic cyclophotocoagulation
11:51 - 11:58	Endoscopic cyclophotocoagulation (surgery)
11:58 - 12:08	Suprachoroidal stent
12:08 - 12:20	Discussion

Introduction: Carlo E. Traverso

12:20 - 12:40	Clinical expectations and scientific evidence on innovative glaucoma surgery
12:40 - 13:00	Discussion
13:00 - 14:30	Lunch Break

Introduction: Giacinto Triolo

14:30 - 14:45	Neuroprotection in glaucoma: rationale, strategies and potential clinical Implications
14:45 - 15:00	Is neuroprotection entering glaucoma management?
15:00 - 15:15	Evidence based Neuroprotection: randomized clinical trials with citicoline oral solution and eye drops
15:15 - 15:30	Neuroprotection in "real life" and rationale for its use in glaucoma surgery management
15:30 - 15:45	Where is glaucoma topical treatment going?
15:45 - 16:00	Discussion

Introduction: Carlo E. Traverso

16:00 - 16:30	Remembering Prof. Stefano Gandolfi Lezione magistrale "where is glaucoma surgery going"
16:30 - 17:00	Coffee Break

Presenter: Antonio Fea

17:00 - 17.15	Why subconjunctival?
17:15 - 17.35	Gel microstent open and closed
17:35 - 17.55	Gel microstent postoperative management
17:55 - 18.05	Intermediate filtration with a stent: selecting the right patient and managing complications"
18:05 - 18:15	Intermediate filtration state of the art and latest evidences
18:15 - 18:45	Discussion
18:45 - 19:00	Closing remarks
19:00 - 21:00	Cocktail

DAY 2 – 15 February 2025

Introduction: Ike Ahmed

- 09:00 - 09:15 Trabeculectomy, state of the art
- 09:15 - 09:30 Deep sclerectomy
- 09:30 - 10:00 Tubes and long tubes
- 10:00 - 10:30 How to rescue failed filtration surgery
- 10:30 - 11:00 Coffee Break**
-

Introduction: Antonio Fea

- 11:00 - 11:15 Neuroprotection vs neurorescue: a correct diagnosis comes first
- 11:15 - 11:30 Neuroprotection in glaucoma, the State of the Art
- 11:30 - 11:45 Preclinical and clinical evidence of NAD precursors in neuroprotection
- 11:45 - 12:00 Rationale for the therapeutic synergism of Nicotinamide Riboside + Berberine in the neuroprotective treatment of glaucomatous patients
- 12:00 - 12:15 Discussion
-

Introduction: Carlo E. Traverso

- 12:15 - 13:15 Round table on real life cases (complex surgical cases)
- 13:15 - 13:30 Closing remarks
